

Nexwave Telecoms attains the Microsoft Cloud Accelerate Program Badge

- *Nexwave Telecoms earns distinction through demonstrated technology success and customer commitment.*

Singapore, 20 September 2012 - Nexwave Telecoms Pte. Ltd. ("Nexwave Telecoms"), a leading info-comm technology solutions provider and wholly-owned subsidiary of mainboard-listed TeleChoice International Limited, today announced it has become a Microsoft Cloud Accelerate partner by successfully demonstrating its cloud services expertise through rigorous sales and technical assessments and ensuring the highest quality of services.

Nexwave Telecom's extensive suite of integrated ICT solutions and services is differentiated by the organization's deep expertise in Enterprises Infrastructure, Business Solutions & Integration and Managed Services solutions blended with unique capabilities in Wireless Network, Cloud Computing and Voice & Data Communications. This expertise is now extended to Microsoft Office 365. Since it joined the Microsoft Cloud Program, Nexwave Telecoms has successfully provided Microsoft Office 365 to more than 500 users. Nexwave Telecoms will now be able to leverage on Microsoft's business, training and marketing solutions as well as provide value added services for Lync Online and Sharepoint Online to better enhance our service offerings to customers.

Said Mr Steven Ng, Managing Director, Nexwave Telecoms, "At Nexwave Telecoms, we are consistently looking to add capabilities and scale to our Info-Comm Technology Services. Our decision to sell cloud solutions based on innovative Microsoft technologies was to enable our clients to get a wider choice of

best-of-breed solutions to enhance their own competencies and capabilities. Attaining the Microsoft Cloud Accelerate program partner status showcases our expertise in today's cloud technology market and demonstrates, in particular, our knowledge of Microsoft's Cloud solutions."

"Attaining the Cloud Accelerate Badge demonstrates the partner's ability to implement solutions that solve today's customers' business challenges utilizing cloud services," said Jon Roskill, corporate vice president, Worldwide Partner Group at Microsoft Corp. "By joining the Microsoft Cloud Accelerate program, this partner has proven its understanding of Microsoft cloud technologies and is poised to drive business opportunity in today's cloud era."

About TeleChoice International Limited (Regn No. 199802072R)

TeleChoice International Limited ("TeleChoice") is a regional provider of information and communications technology solutions and services. Incorporated in Singapore on 28 April 1998 and listed on the Mainboard of the Singapore Exchange Securities Trading Limited ("SGX-ST") on 25 June 2004, TeleChoice is a subsidiary of leading infocommunications group, Singapore Technologies Telemedia Pte Ltd, which operates in the Asia Pacific, the Americas and Europe.

TeleChoice's three business divisions collectively offer a comprehensive suite of services and solutions for the telecommunications industry:

Personal Communications Solutions ("PCS") Services division provides fulfilment, distribution and supply chain management services relating to mobile communication devices and accessories. Its spectrum of services include forecasting, purchasing, financing, logistics, warehousing, inventory support, roadshow management, retail customer premises equipment ("CPE") stocks management, and after sales service. It owns a retail chain through its Planet Telecoms subsidiary which operates a network of strategically located stores island wide. Planet Telecoms also manages concept stores for major mobile handset manufacturers and is the only StarHub Exclusive Partner to manage two StarHub Platinum shops. PCS is also a major distributor of StarHub prepaid cards.

Info-Comm Technology ("ICT") Services division is a leading regional integrated ICT solutions provider. Its extensive offering includes enterprise IT infrastructure, business solutions and integration services, broadband network, fixed and wireless networking solutions, managed and hosted services, telephony and unified communications solutions and cloud computing applications and services. It also provides consultancy, managed operations and utility computing services. Under its SunPage brand, ICT Services also offers IDD, Global Conferencing, SMS broadcast and mobility solutions and services for the consumer and enterprise markets.

Network Engineering Services division is a regional provider of network engineering services and supplier of specialised telecommunication products. It designs, builds and manages telecommunication networks and provides a comprehensive suite of specialised products and cost effective solutions to address the network infrastructure needs of fixed and mobile operators in Asia-Pacific. Its services encompass radio network planning and optimisation, transmission network planning, network implementation, maintenance and project management. It also carries an extensive range of innovative and cost effective products for telecommunication access and coverage needs, as well as for power supply and backup requirements.

Some of TeleChoice's major principals and customers include StarHub Ltd, PT Indosat Tbk, IBM, Oracle, HP, SUN, SAP, Avaya, Aruba, Ericsson, L.G, Motorola, Nokia, Samsung, Sony Ericsson, Huawei and NSN.
